Dear Mr. McDermott:

I understand that you have expressed an interest in assisting with background information re: Bertie Hall.

I have been working very long and hard with the Niagara Parks Commission in an attempt to finalize the purchase of Bertie Hall as a resting place for the Mahoney Doll House Collection and it appears that we are now waiting for the Order in Council from the Province which will give the Niagara Parks Commission the authority to purchase same.

I am forwarding a copy of this letter to Mrs. Mahoney who I am certain will be in touch with you concerning your interest and information.

With kindest regards, I remain.

Sincerely,

Madeline Faiazza
