Dear Mr. McDermott:

On behalf of the Fort Erie Public Library Board I would like to thank you for your very generous donation of time, effort and materials to the Fort Erie Public Library.

We recognize that it is through your efforts that Mrs. Wenk and the Griffin family have donated a copy of the First Minute Book Of The Fort Erie Public Library (1891). This resource will obviously be of very great value to anyone interested in researching the development of the library system and is of special value and interest to the Library Board.

In addition, your co-operation in setting up displays and loaning the library materials to celebrate the 125th Birthday of our town is greatly appreciated.

We feel that the entire community benefits from this project and that you deserve a special thank you for your community spirit in sharing this resource with others.

Best wishes in your other research and historical activities, and again we thank you.

Yours sincerely

N. Harsanyi
Secretary to the

Dear Mr. McDermott,

How can I thank you for all the work you put into the local history displays at the library? (Short of willing you a million dollars !)

Seriously though, the display was most certainly an unqualified success and attracted a great number of people.

Many visitors came specifically to see the photographs and we received nothing but positive feedback from everyone.

I am sure that it was well worth the time and effort you put into setting up and I hope that you feel a sense of gratification as well.

It was very rewarding to see the community join together in celebrating the 125th Birthday of our town. The tremendous enthusiasm has made this summer very special.

Once again, thank you so much for your support and I'm looking forward to the next display in 25 years !

Yours sincerely,

Lynda Goodridge
