Dear Mr. Dermott,

His Royal Highness, the Duke of Windsor directs me to acknowledge receipt of your letter dated May 16 and of the interesting enclosures you sent him.

The Duke was very touched by the warmth that emanates from your letter, for your country which he remembers with pleasure and affection. His Royal Highness recalls perfectly well his visit to Canada and the very heart warming welcome he received from its people.

It is unfortunately most unlikely that the Duke and the Duchess go to Canada in the foreseeable future. However, should their plans change, after they return from Europe on their annual trip to the United States, it would be with pleasure that they would visit this beautiful land of yours.

Thanking you on behalf of His Royal Highness for the kind sentiments expressed in your message, I am,

Sincerely yours,

Janine Metz  
Private Secretary to  
T.R.H. The Duke and Duchess of Windsor
