Dear Mrs Sullivan:

I'm in the midst of writing a book about Canadian Samplers. With each one photographed and used in the publication I hope to include a little family history.

Some time ago I acquired a sampler worked by Margaret Glenny, age 22, 1864, Chippawa, Niagara Falls, C.W. Although I tried to find out something about the Glenny family everything failed until yesterday. Someone drew my attention to the 1851 census for Willoughby Township, Welland County, p.29 and I wonder if perhaps this could be the correct family.

It said:

Glenny Thomas	Farmer	b. Ireland	C or S	45	married
Agnace				37	married
Issabela				64	widow
Issabel		Canada		14	
Margaret				11	
John				9	
William				5	
Nancy				3	

Do you know anything about the Glenny family? Do you know if Margaret could possibly have gone to school in Chippawa? Do you know who she married? Any information would be really appreciated.

Although the dates aren't exactly correct, regarding Margaret's age, it is possible that the census taker made an error or that Margaret lied on the sampler.

As well, I would be interested in knowing if you have come across any samplers, like the one enclosed, and/or if you have any Canadian samplers in the Museum's collection.

I'm looking forward to hearing back from you.

Sincerely,  
(Sgnd) Hyla Fox  
Hyla Wulfs Fox (Mrs)
