Our file Notre référence 90/1-C9.8

Dear Mr. McDermott:

In response to your request of April 3, 1973, I have searched our files for the material prepared by Mrs. Roy Summers on Bertie Hall in Fort Erie. Unfortunately, none of the information on file is specifically designated as being Mrs. Summers' work. However I think that the accompanying notes represent the results of her search, and I hope that they are of help to you in checking your own work on the Forsyth family.

Two additional references to Bertie Hall and the family which built it, both of which you may already be aware, are Alan Gowans' Building Canada, pp. 66-70, and The History of the County of Welland, Ontario, its Past and Present (published 1887).

Yours sincerely,

Marsha Snyder
