RE: YOUR LETTER SEPTEMBER 11TH,
LOCATING OF RAILROAD STATION

Dear Mr. Sauer:

In your letter you request permission to place the above building when moved, on the road allowance which is north of our parking lot.

I believe what you really required is that you would like to store this building temporarily on the road allowance until such time as you have been able to prepare foundations for it.

We certainly would give you permission to do this on a temporary basis but would ask that you work with us very closely when you are ready to make this move.

Yours very truly,

J. K. BROWNHILL
Manufacturing Manager
